Topic: Living in God's Presence

Discussion Questions

What does it mean to "live in God's presence" - are we not always in His presence?

Yes, everything and everyone is always in God's presence, but we are not always mindful of this reality.

What difference does it make being mindful of God's presence? Doesn't everything continue on without us anyway?

Yes, our acknowledging God will not change reality, but it will affect our lives. In other words, living in the presence of God will affect that the way we think and therefore the way we act. All of which will determine our happiness in this life and the next.

Can you think of a time when thinking about the presence of God affected the way you handled a situation?

Would you like to share it?
